---- NT-156 a, b and c - 10's in typewritten mimeo - on the 20 Cigarette, perforated 11, NT-154a ---

Previously dated copies of **NT-154a** (with a typewritten **10's** and **XXXXXXX** killer) are apparently from 1948. The date coding uses the twelve letter code word **QUESTIONABLY** for the months.

NT-156a **NT-156b** **NT-156c**

NT-156a uses the **XXXXXXX** killer over the old date coding, and a **10** **10** in typewritten mimeo over the old denominations. (S-8 for April 1948, over **L 7** from November 1947).

NT-156b is the normal overprint using **10's** in the center, and the **XXXXXXX** killer over the old denominations. With (Y-8 for December 1948, over **N 8** from August 1948).

NT-156c is a doubled mimeographed. (Y-8 for December 1948, over **N 8** from August 1948).

---- NT-156 - *10* manuscript in black mimeo - on the 20 Cigarette, perforated 11, NT-154a ---

A previously dated copy of **NT-154a**, perforated 11, with a manuscript black mimeo *10* (**without** the ’s), exhibiting a pair of stacked three-line denomination *killers*, is possibly from 1948. The example bears no other cancellation and thus could have been used, as coded **T 7** for May 1947.
